

# BCX 1000RL

## Rear Load

Standard's BCX Series Exchangers were designed to help self service business owners maximize profits, and provide more convenience for their customers. These Bill & Coin Exchangers essentially provide the same convenience as attended businesses - change for higher denomination bills (like \$10's & \$20's) into lower denomination bills (like \$5's) PLUS some coinage for use in your services. Now you can break tens & twenties without hiring full-time or after-hours attendants. The BCX Series machines feature heavy-duty cabinet construction with high security crank locks to help protect your investment.

The BCX1000RL Changers feature:

- Rear Load configuration for Bill & Coin Exchange
- Pyramid™ Bill Acceptor with 500 bill stacker (other acceptors available)
- Standard UniNote™ Bill Dispenser - holds from 750 (used) up to 1,000 (new) bills
- (1) Modular Hi-Capacity Smart Hopper - 6,400 quarters (\$1,600 capacity)
- Heavy gauge steel cabinets with solid welded seams & stainless steel faceplate
- Two Crank Locks with Medeco™ plugs
- High gloss powder-coated enamel paint finish with applied Lexan™ graphics
- Limited Two Year Warranty & ETL Certified in accordance with UL & CSA standards

| Height                              | Width | Depth         | Shipping Weight  | Changes                 |
