

MC 520RL-DA

Rear Load

Standard's Modular Series changers were designed for "simple function" coin dispensing. But don't let that term fool you. These changers are excellent coin & token changers, and offer a variety of "plug & play" options to help you customize the machine to your business needs. For example, all Modular series machines have our Fast Vend Shut-Off/Auto Reset feature - a software solution to help minimize loss due to stringing. Likewise, our Modular series machines have MDB communication, and the Dual Redundancy Feature that allows true built-in back-up. Standard's MC Series changers provide the ultimate in flexibility in low-cost solution.

The MC520RL-DA Changers feature:

- Rear Load configuration for Change or Tokens - with one coin cup
- (2) Pyramid™ APEX Bill Acceptors with 500 bill stacker boxes (other brands available)
- (2) Modular Standard Smart Hopper holds 6,400 Qtrs. (\$1,600 capacity)
- Heavy gauge, solid welded, steel cabinets with stainless steel faceplate
- High gloss powder-coated enamel paint finish with applied Lexan™ graphics
- Two Year Limited Warranty & ETL Certified in accordance with UL & CSA standards.

Height	Width	Depth	Shipping Weight	Changes
32	18	13	145 lbs.	\$1 / \$5 / \$10 / \$20
Number of Hoppers		Number of Validators		Stacker Capacity
\$1600 / 6400 Qtrs.		2		1,000 Bills
